Also, I realize you may be backed up and we are moving fast. So if you cant send this info on or before Thursday this week then you don't need to send them because we probably wont have time to use those figures. If that happens we will likely point out what changes are needed, like we did with the RI.

Thanks,

Josh

Sorry, can you send the GIS info for the alternative figures? Like what we sent during your review.

Hi Josh—can you clarify what you want related to figures? Just certain individual figures? The FS link had a folder of the figures.

Hi Ken,

I know you are working on send the tables but can you also send the figures in the revised FS?

Thanks,

Josh
